

BAMBURGH PLAY PARK REFURBISHMENT

The Bamburgh Play Park Committee was formed following discussions within the local community and parish council meetings regarding the current playpark. We aim to assist the area to obtain a new and improved play park facility. It will involve the installation of equipment which will fit in to the surroundings by providing interest and excitement whilst improving physical, mental health and wellbeing of children.

We would like to share with you the Playground scheme that we have chosen from the 3 tenders that were submitted and discuss ideas for fundraising
